OFFICE SHIELDS

Office Shields was created after Drape Kings transitioned from servicing events to assisting in COVID-19 rapid response needs. Drape Kings was commissioned by local, state, and federal government agencies to help build over 1,500 hospital beds with over 5 miles of drape in NYC in less than 5 days. We pivoted swiftly and came prepared to face the challenges with our resourceful, dedicated team.

PACESETTER AWARDS™

SETTING THE PACE IN RECOGNITION

In 1982 Pacesetter Awards was formed to provide cutting edge acrylic awards and plaques to the ASI and PPAI market. Through our creativity and innovation, we have grown from a team of 20 in 10,000 square feet to more than 100 artisans and product creation specialists in 40,000 square feet, dedicated to meeting all our customers' needs. This growth is a testament to the dedication and quality our team members strive for every day.

The Marsh family business started in Dover, Ohio in 1914 with the formation of the Marsh Lumber Company. Following World War I, the company experienced a period of rapid growth and purchased an abandoned lumber yard to manufacture wood products for flooring, car decking and interior trim. Through the decades, the company dropped and added divisions and partnered with other corporations. In 1958, the Marsh Chalkboard Division was started and was the origin for the visual display products offered today.

AFS-TEX[®]

ANTI-FATIGUE SYSTEM

Reviewing the research into very real medical problems caused by a sedentary lifestyle inspired the Design team here at AFS-TEX to develop the very best anti-fatigue solutions for standing desk users. We found that many of our designs could be used in other situations and so we have developed a range that provide solutions to anti-fatigue mats for classrooms, anti-fatigue mats for retail, for kitchens, both domestic and industrial, and also anti fatigue mats for workshops.
