Proudly Made in the USA

When an American sees a "Made in USA" tag while making a purchase decision, they can't help but feel a sense of patriotism. It just wouldn't seem right to purchase a United States Flag manufactured anywhere other than the nation it represents.

Since the signing of the Declaration of Independence in Philadelphia in 1776, the United States of America has come to be synonymous with freedom and liberty. The flags manufactured by Independence Flag® continue the tradition started by our forefathers and honors the traditions established by generations of Americans.

Customer Relationships

At Independence Flag®, our key strength is our ability to understand your unique needs and work with you to create an offering that appeals to your customers. We maintain a level of quality that our customers have come to expect and our competitors attempt to achieve. We are additionally committed to a high level of customer service that continues long after the order is completed.

Competitively Priced Superior Product

We strive to be competitive on price and to offer a broad flexibility of products to meet your company's needs. The United States flag can be seen on display now more than ever. The various permanent or flexible merchandising options available through Independence Flag® make it easy for your customers to show their pride and patriotism.

Independence Flag® packages its flags in Polybags(PB). We help control your bottom line by utilizing our bulk option to minimize unnecessary packaging costs. This positively affects the environmental impact by eliminating any excessive packaging.

Displaying the Colors of Pride

The United States flag calls to our spirit, reminding us of the greatness of America. It has been a symbol of our independence since June 14, 1777. Our current flag was adopted on July 4, 1960, and proudly displays a blue union of 50 stars to represent each state and thirteen stripes to represent the original thirteen colonies. As American citizens, we cherish and uphold the American flag because it represents the standard of honor under which we live, and the principles of liberty on which this country was founded.

The American flag is not just flown on Independence Day. As Americans, we proudly display the flag to show our allegiance to our country and as an act of patriotism. Therefore, the flag may be seen displayed on all days when the weather permits, but especially on legal holidays or other special occasions. It is customary to display the flag from sunrise to sunset on buildings or on stationary flagpoles in the open. The flag may be displayed at night with the use of spotlights.

The flag should be raised and lowered by hand on a flagpole. While raising it, unfurl it and hoist it quickly to the peak of the pole. It should be lowered slowly and ceremoniously. When flown at half-staff, the flag should be hoisted to the peak, then immediately lowered to the half-staff position. It should be raised to the peak again for a moment before it is lowered for the day.

US OUTDOOR FLAGS

Nylon Outdoor US

Our most popular and versatile outdoor flags. Offering the optimum combination of elegance and durability for every purpose. The 100% nylon material provides a rich, lustrous appearance and will fly in the slightest breeze. Durawavez® flags are durable and long lasting due to the material's superior strength-to-weight ratio. These flags have individually embroidered stars. Stripes are carefully and precisely sewn together using a lock stitch for longevity.

Finished with strong polyester canvas headings and spurred brass grommets for sizes up to 6'x10'. Larger sizes have roped headings with galvanized metal thimbles. The result is a flag that will be flown with pride year after year.

Durawavez® Nylon flags have rich, vivid colors, are incredibly durable, mildew resistant, shed water and are still lightweight enough to have superior flyability.

US STATE AND TERRITORY FLAGS

State and Territory Flags

Representations of current state and territory flags in a full range of bright, durable colors.
Our Durawavez® nylon (digital dyed) meets the most demanding commercial and residential uses.

All outdoor flags are finished with polyester heading and brass grommets. For indoors, banners are finished with a polehem and optional fringe.

State Flag Catalog Number Reference

To determine the full catalog number for State Flags, use the 3-digit number listed adjacent to the name of the state and add the 4-digit size and finish number listed in the separate chart on page 9.

Example: 3'x5' Durawavez Maryland flag with heading & grommets would be:
219 (Maryland) + 2051 (3'x5' Durawavez heading & grommet) = 2192051.
