Welcome

to Scrapbook Adhesives by 3L®

Our reliable and easy to use adhesives are perfect for not only scrapbooking, but also card making, mixed media, home décor and more! From strong permanent adhesives for archival use, 3D Foam for dimension, and repositionable adhesive for multiple uses, we cover it all! So much more than Scrapbooking!

Designed to Make Your Creativity Last®

3L Consumer Products A/S has over 50 years of experience designing adhesives for the creative industry. In 2004, we launched the **Scrapbook Adhesives by 3L®** brand with the focus of providing a full-line of rigorously tested and approved adhesives that are safe for all your crafts. You are our inspiration to provide the most reliable, easy-to-use adhesives to suit any papercrafting need. Our guarantee leaves you free to focus on your craft! We realize you have numerous choices of adhesive for your projects and we appreciate that your choice is **Scrapbook Adhesives by 3L®**. For over 50 years, 3L has prided ourselves with providing the best adhesives on the market.

Corporate Responsibility

We know that you care about your community and your environment. We want to assure you that we take the proper steps in every step of our business practices to help maintain a healthy community and environment. From 3L's beginnings over 50 years ago, we've adhered to the strict European regulations for manufacturing. You can trust your favorite **Scrapbook Adhesives by 3L®** product was developed and produced in the healthiest of working environments.

Healthy Working Conditions

From the employee that packs the product or designs our machines to the VP of Sales, everyone here at 3L Consumer Products takes immense pride in our work. We're comforted in knowing 3L provides a safe working environment that encourages togetherness and the sharing of ideas. Every product we manufacture is done so with adherence to all Danish/European manufacturing regulations.

Environmental Concerns

Being green has never been a marketing trend for **Scrapbook Adhesives by 3L®**. For us, it's simply just the right way to manufacture products.

With our products, you can be assured all the following standards are met:

- All packaging is made with at least 95% recycled materials and 100% recyclable.
- All cardboard packaging is made from FSC certified suppliers.
- Production waste properly eliminated by always separating materials for recycling & proper disposal.
- An average of 43% wind power is used in all our production processes, with a goal of 50%.
- Our vendors and suppliers abide by the same energy efficient production standards.
- Our preferred vendors are local to ensure a smaller carbon footprint and enhance substantiality of our environment.

Seal of Quality

Sure, this sounds important and technical, but what does it really mean? We are able to guarantee that our adhesives will help in keeping all your projects safe. In short, by making sure all our adhesives are thoroughly tested and approved with the ISO 18932 standard test methods. Just because a product says it is archival safe, or acid free, doesn't mean it has actually been tested and approved safe for your paper crafts! The best way to keep your creations safe is to know the basics.

This Quality Seal on each individual product packaging is our promise and your guarantee for a great and thoroughly tested product.

- ✓ **Acid free** - No weakening of paper or top-coating of photos
- ✓ **Archival safe** - No reaction with typical craft materials like photos, paper or cardstock
- ✓ **Acrylic based adhesives** - No bleeding through paper, or rubber based adhesive - High flexibility
- ✓ **Lignin free** - No yellowing of paper
- ✓ **ISO 18916** - (PAT) - Photographic Activity Test, tested and approved
- ✓ **ISO 18932** - Imaging materials - adhesives mounting systems, aging tested adhesive

Adhesive Sheets

A super-high tack, translucent crafting tape.

Edge to Edge coverage for die-cutting and more. Adhesive Sheets give you incredibly strong, clear edge-to-edge coverage without stringy applications. Use them to create your own stickers or to add extra flair to your designs with glitter, flocking, foil, microbeads, anything adhesive becomes invisible with acrylics and light weight vellum - keeps it clear when you adhere.

Mounting Squares Temporarily Repositionable

You have a few minutes to reposition and then a strong bond is left behind!

Our initially repositionable Mounting Squares are a remarkable solution for those "just-in-case" moments. For 5 minutes after application, the square of adhesive can be repositioned. After the 5 minutes is up, a strong bond is left behind.

- White permanent, double-sided adhesive
- Temporarily repositionable for the first 5 minutes
