Efficient and Convenient

Versatile and Practical

Attractive, Enduring, and Made in America

The Original Plastiklip® since 1963.
First plastic clip in the world!

Color-code your documents and files while keeping them securely attached. Made in Germany, these durable plastic paper clips have an ergonomic design with a flat top and rounded end. For more than 50 years, our Plastiklips have provided greater archiving performance and will not rust or indent your documents. Made of 40% recycled materials.

SolarMax® provides a very durable and attractive fabric that also stands up to bright sunlight and strong ultraviolet radiation. Although a densely woven material, SolarMax® retains nylon's traditionally great ability to fly in very light winds. Its unique structure allows full dye penetration for bright, long-lasting colors without damaging the nylon fibers.

CONSERVE® ...your resources!

Our People-and-Planet-Friendly category offers new and innovative products such as Conserve® Cutlery & Dishware, as well as green options for popular products such as recycled plastic and bamboo lanyards. Conserve brand products are eco-conscious alternatives that perform as well or better than conventional options.

Conserve® Dishware

Made from sugar cane fiber (bagasse), a highly renewable resource, dishware is stiffer, absorbs less oil than typical paper plates, and this dishware is an eco-conscious alternative to non-renewables. Microwaveable. Durable enough for arts, crafts and paints.
