FM Brush Company, Inc.

Our Story

Originally established in 1929 by Frederick Mink, the FM Brush Company has over 90 years of experience in creating high quality brushes that feature the right blend of form and function. Four generations of the Mink family have led the FM Brush Company to become a worldwide leader in brush manufacturing. We combine a tradition of excellence and commitment to quality to give you personal service every step of the way, from design to delivery.

The Dynasty® Brand

The Dynasty Collection is a culmination of almost 100 years of brushmaking experience. Dynasty offers wide array of hair types giving artists varying Mechanical Tensile Strength (MTS) that support all different types of mediums from oils to pastels and everything in-between. Our brushes are rated by the artistry level and are competitively and realistically priced, making it easy for every artist to afford a quality collection of brushes based on their level. We combine the master craftsmanship of our expertise with innovated materials to create brushes that are second to none.

Innovation

As the manufacturer, we have the capability of creating unique brushes that are thoughtfully-designed to inspire artists. All our synthetics are formulated, processed, and custom blended in-house. We continue to find synthetic solutions to natural hair. These synthetics are designed to mirror the qualities of their natural counterparts but are cruelty-free. We custom shape our own handles, which are kiln-dried and lacquered with certified, nontoxic paint.

Our World...Our Responsibilities

We support the fight against animal testing by partnering with responsible suppliers and vendors. Handles come from managed wood reforestation programs. We also support several conservation and wildlife protection organizations including: Friends of Asian Elephant and The Dian Fossey Gorilla Fund® International. We manufacture special brushes for elephants who paint. We support the Kids in Need Foundation, providing free school supplies. We supply brushes to Foundation for Hospital Art® and Splashes of Hope, which paint murals on the walls of children's and VA hospitals. In addition we contribute to several art organizations to support artists and their work.

Brush making is a handmade process, where experience means everything.

Ursula is one of our master artisan brush makers for FM Brush with over 45 years of experience.

Shining Moon paints a portrait with her specially-made Dynasty® Brush.

Table of Contents

The Key: Each brush program has a rating system at the top-left corner of the page.

Hair Types: Natural - Bristle, Goat, Pony, Kolinsky Sable, Red Sable or Synthetic Filament
 MTS: Mechanical Tensile Strength "Snapability" is rated Soft, Medium, Strong, or Super Strong.
 Handle: Length, Color, Material
 Medium: The best product to be used with that particular brush series
 Rating:  Master Artist
  Advanced Artist
  Apprentice Artist

Black Gold®

Hair	Blended Multi-Tapered Synthetic
MTS	Medium
Handle	Long Artist Shaped Kiln-Dried Black & Clear Two-Toned Lacquered White Birch
Medium	Oils, Acrylics, Watercolors, Multimedia Inks
Rating	★★★★★

Facts

- Dynasty’s signature series Black Gold® carries domestic and international patents on brush shapes.
- Two distinctive long handle sizes available: Bristle and Sable.
- The 1526 Series is made with Hollander ferrules.
- Black Gold® short handle series 206 open-stock, displays, and sets are available on page 22-25.
- Black Gold® Quills available on page 23 & 75.

Long Handle

Dynasty’s Black Gold® long handle brushes represent premium quality artist paint brushes which are designed to satisfy consumer demand for a higher level of performance. These brushes possess the features and capabilities discriminating fine artists demand and expect. Black Gold® is a multi-tapered brush with specific taper ratios. The filaments combined with the master brush makers’ create a brush series that is multi-purpose. We have developed an open stock program which makes superb quality brushes easy to stock in permanent displays. Our hand-crafted Black Gold® brushes are as distinctive looking as they are unique in their professional performance characteristics. To **insure authenticity**, look for the **Black Gold®** imprint on the handle.

Beau Blanc®

Hair	Interlocking Finest White Chungking Bristle
MTS	Strong
Handle	Long Artist Shaped Matte Black Balanced Kiln-Dried White Birch
Medium	Oils & Acrylics
Rating	★★★★★

Facts

- Made with Chungking bristle which is expertly processed to ensure resiliency.
- Uses Interlocked construction which takes advantage of the natural curve of the bristle.
- Triple crimped Hollander ferrules to give better balance and better control with a weighted end.

Beau Blanc® is a triple-crimped seamless ferrule and smooth matte black precision-balanced long hardwood handle series. It was designed with our proprietary Interlocked bristle technology to offer durability and control. The finest Chungking bristle is boiled for two hours to achieve the right strength and shape. The Chungking bristle, after being submerged in paint, absorbs the moisture and becomes soft and flexible while still keeping its strength and holding power. This brush allows the artist to maintain control at all times. The most unique aspect of this brush is the qualities it assumes over time. After many years of painting this brush will take on its owner's characteristics and will shape itself to meet the angles that the artist paints in. Beau Blanc® is a master brush for the master painter.

Faux Squirrel®

Hair	Blended Multi-Diameter Synthetic
MTS	Strong Tip
Handle	Long Artist Shaped Soft Coated Matte Silver White Birch
Medium	Watercolors
Rating	★★★★★

Faux Squirrel® Display Assortment

Wood Laminate Display
14.90”H x 12.60”D x 12.20”W

Facts

- Faux Squirrel® handles have a double matte coating that feels soft to the touch for a comfortable feel and non-slip grip for painting in all conditions.
- This Techno-Synthetic material looks like and performs like real Squirrel but as a socially responsible synthetic.
- Faux Squirrel® carries domestic and international patents on brush shapes.
- Short Handle sizes available on page 28-29

Faux Squirrel® by Dynasty® is made of synthetic fibers that hold as much paint as a squirrel brush, allowing for an even flow of paint. It will continue to hold its shape and will show far less wear over time. This competitively priced brush program is thoughtful in its design: Its seamless crimped ferrules and innovative double matte coated handle allows for a sure grip through hours of painting.

Golden Stag®

Hair	Finest Blended Honey Colored Synthetic
MTS	Strong
Handle	Long Artist Shaped Black Stained Lacquered Kiln-Dried White Birch
Medium	Oils & Heavy to Medium Bodied Acrylics
Rating	★★★★★

Facts

- Made from a honey-colored synthetic that is stronger than bristle.
- It will not lose its strength when wet.
- Double crimped Hollander ferrules to give better balance and better control with a weighted end.

Golden Stag® has a gold tone seamless ferrule and balanced long stained handle. A great series for heavy and medium viscosity paints. The hairs are unique, made from a super-strong blend of Honey Color synthetic, which are made to withstand constant use. Specifically designed to hold a tremendous amount of paint and still maintain control because of its Interlocked construction, this brush is designed to last. Golden Stag® has a tremendous amount of spring and snap in it to achieve a continuous flow of paint. This series works well with canvas painting, mural painting, and faux finishing.

Interlock Bronze®

Hair	Interlocking Multi-Diameter Synthetic
MTS	Medium
Handle	Long Artist Shaped Two-Toned Lacquered Clear and Mahogany Colored White Birch
Medium	Oils, Acrylics, Gouaches, & Inks
Rating	★★★★★

Interlocked Bronze® has a seamless Hollander ferrule and balanced kiln-dried hardwood long smooth handles that make for an exceptional brush series. Interlocked Bronze® was created to offer an alternative to natural hair without losing the natural hair performance. It was designed with our proprietary Interlocked bristle technology to offer durability and control. Although this brush is synthetic, it can withstand harsh chemicals without breaking down and still maintain ease-of-painting. This brush was designed to go from the smallest detail to filling in block colors, all while using the same brush. From impasto painting to washes, Interlock Bronze® can be used without leaving brush strokes. There is a fantastic spring and snap. Because of the patented interlocking filaments, the artist can achieve a longer paint flow without having to re-load.

Black Steel®

Hair	Flexible Black & White Synthetic
MTS	Super Strong
Handle	Long Artist Shaped Matte Slate Gray Colored White Birch
Medium	Oils, Water-Miscible Oils, & Acrylics
Rating	★★★★★

Facts

- Black Steel® carries domestic and international patents on the Wave® brush shape.
- Proprietary synthetic mixture.
- Interlocked construction, anti-glare satin Hollander ferrules.
- Anti-glare water-resistant balanced handles.
- The perfect brush for outdoor painting and plein air artists.

Dynasty's modern take on the long handle Black Steel® series has the strength of bristle in a super strong synthetic. Made to push the heaviest mediums yet flexible enough to possess fluidity in stroke work. Made from a proprietary mix of synthetic materials which is blended and polished in the FM Brush factory, it is not only unique in its construction but distinctive in its appearance. The various colors in the fill material represent the different levels of strength in the brush. Made with Interlocked construction, anti-glare matte black chrome-plated double-crimped Hollander ferrules and attached to water-resistant matte slate gray precision balanced handles. Black Steel® is made for the next generation of artists.

Mongolian Sable®

Hair	Natural Fibre
MTS	Soft
Handle	Long Artist Shaped Two Toned Gold Metallic and Black Lacquered White Birch
Medium	Acrylics & Gouaches
Rating	↗ ↘ ↙ ↚ ↛

Mongolian Sable® seamless ferrule and balanced long metallic handle is a renaissance brush without doubt. The hair in this brush is synthetic and multi-toned. This is the closest brush you will find to a natural Mongoose brush. Because the Mongoose is on the endangered species list, we reproduced a synthetic brush that looks and acts like the natural counterpart. The brush has the spring, snap, and soft touch of a sable with the strength and durability of Mongoose. The Mongolian Sable® series is truly a workhorse.

Orange Ice®

Hair	Finest Blended Cased Synthetic
MTS	Soft
Handle	Long Orange White Tipped Lacquered Kiln Dried Hardwood
Medium	Water Soluble Oils, Acrylics, Watercolors, & Inks
Rating	★★★★★

Facts

- Unique manufacturing technique to create the blend.
- Fine detail for large surfaces.
- Cased - A long tapered point.
- Available in peggable sets and open stock.

A favorite summertime treat is the creamsicle, an orange ice pop with a vanilla ice cream center. Today, our Dynasty® version is a blend of two different synthetics, the orange synthetic wraps around the vanilla synthetic, which is a special manufacturing technique. These brushes will point and hold their shape for a prolonged time. The synthetic tufts are springy enough to hold an enormous amount of fluid and have the ability to create unique strokes and spirals without ever losing control.

- Interboro® has specialty shapes with domestic and international patents.
- Chungking bristle that is double-boiled, a process to ensure shape after continued use.
- Uses Interlocked construction (the natural curve) of the bristle.
- Double crimped Hollander ferrules to give a better balance and better control with a weighted end.

Interboro® has a long seamless crimped ferrule for durability and balanced kiln-dried white birch handle for control. It was designed with our proprietary Interlocked bristle technology to offer durability and control. Made for pulling a tremendous amount of paint over a large surface, the construction of the brush makes it easy to work on rough surfaces and three-dimensional areas without having to paint a second coat. Great for large canvas paintings, murals, and faux finishing projects. Interboro® has tremendous snap, spring, and bounce.

Fine Kolinsky

Hair	Fine Kolinsky
MTS	Resilient with a Soft Flexible Tip
Handle	Traditonal Albata Length Satin Black Laquered White Birch
Medium	Watercolors
Rating	↖ ↗ ↘ ↙ ↚

Facts

- Fine Kolinsky offers carry-and-release color with a razor-edge tip for total control.
- All brushes are triple-crimped to provide secure adhesion and better alignment to the tapered handle.

All Dynasty® Kolinsky brushes are hand-made from Fine Kolinsky. The white birch handles are albata length painted in a smooth satin black that are attached to triple-crimped seamless ferrules to ensure long lasting performance. These brushes have exceptional strength, a natural attribute of Fine Kolinsky.

Faux Kolinsky®

Hair	Techno-Synthetic Blend
MTS	Strong Tip
Handle	Albata Length Satin Black White Birch
Medium	Watercolor
Rating	★★★★★

Facts

- Faux Kolinsky® offers an alternative to Fine Kolinsky with a friendly price point.
- This Techno-Synthetic material looks and performs like real Kolinsky.
- Made to mirror the properties of Kolinsky with a socially responsible synthetic.

FM Brush Company has developed a proprietary blend of Techno-Synthetics that recreate all the attributes of Siberian Sable brushes, but as a socially responsible alternative to animal hair. The Faux Kolinsky® series by Dynasty® mimics the elusive natural tip of a Kolinsky brush. Its generous reservoir yields unmatched performance. The brushes are elegant with a ferrule and long satin black Albata handle. It matches the traditional Kolinsky sizing ranging from round sizes 3/0 to 16. Made by FM Brush and completely assembled in America. See other techno-synthetics such as Faux Squirrel®, Faux Sable®, and Black Gold® by Dynasty®.

Faux Squirrel®

Hair	Blended Multi-Diameter Synthetic
MTS	Strong Tip
Handle	Soft Coated Matte Silver White Birch
Medium	Watercolors
Rating	★★★★★

Facts

- Faux Squirrel® handles have a double matte coating for a comfortable feel and non-slip grip for painting in all conditions.
- This Techno-Synthetic material looks like and performs like real Squirrel but as a socially responsible synthetic.
- Faux Squirrel® carries domestic and international patents on brush shapes.
- Faux Squirrel® long handle brushes are available on page 6.

Faux Squirrel® by Dynasty® is made of synthetic fibers that hold as much paint as a squirrel brush, allowing for an even flow of paint. It will continue to hold its shape and will show far less wear over time. This competitively priced brush program is thoughtful in its design: Its seamless crimped ferrules and innovative double matte coated handle allows for a sure grip through hours of painting.

EvoART®

Hair	Synthetic
MTS	Soft with a strong tip
Handle	Periwinkle Blue Wood
Medium	Watercolors, Inks, Acrylics
Rating	★★★★★

Facts

- Revolutionary synthetic fiber.
- Absorbency similar to natural blue squirrel.
- Resilience and snap reminiscent of red sable.
- To see a list of all sizes and shapes available please refer to the price list.

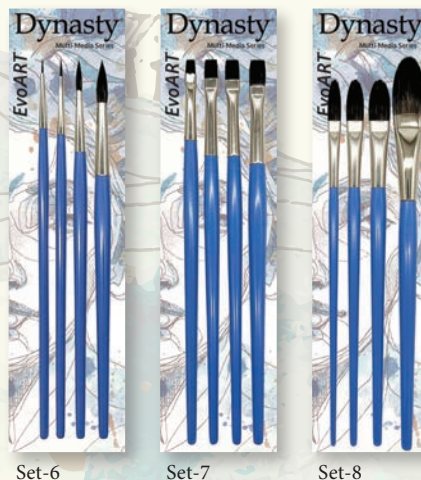

Introducing the latest evolution in the Dynasty brush family, the EvoART® brush collection stands out as a cutting-edge techno-synthetic innovation. Crafted from revolutionary vegan fiber in a deep brown hue, this sustainable and cruelty-free material combines the absorbency reminiscent of blue squirrel hair with the resilience and snap characteristic of red sable. The FSC-certified wood handle, adorned in a charming periwinkle blue, ensures an eco-friendly and stylish touch. EvoART seamlessly blends the timeless qualities of old-world craftsmanship with the advancements of 21st-century technology. EvoART® brushes are available in a 36 pocket display, 12 set assortments, 11 shapes, and 55 open stock items.

Faux Sable®

Hair	Blended Multi-Diameter Synthetic
MTS	Soft - Medium
Handle	Cherry Red-Stained Wood
Medium	Multi-Media, Watercolors
Rating	★★★★★

Facts

- Faux Sable® is a multi-diameter material which has carefully been designed to replicate the standard-grade Red Sable brush.
- Faux Sable™ excels in collegiate applications.
- This Techno-Synthetic material looks like and performs like real Sable.

Faux Sable® is a blend of diameters and lengths to simulate the strength and color carrying capacity of sable hair. Its sharp, crisp edges replicate sable with true pointability in all rounds and liners. Sensitivity of touch normally found in only pure Red Sable provides long lasting performance with all mediums. Faux Sable combines handmade seamless double-crimped ferrules and multi-diameter synthetics with attractive cherry red-stained hardwood white birch handles to not only respond better than sable but also last longer.

Mastodon®

Hair	Blended Multi-Diameter Synthetic
MTS	Strong
Handle	Crystal Clear Acrylic
Medium	Multi-Media
Rating	

Facts

- Mastodon® carries domestic and international patents on brush shapes (sets only).
- Mastodon® canisters are available on page 60.
- Partial proceeds of Mastodon® sales are donated to the *Friend of the Asian Elephant*. To learn more, visit our website www.dynastybrush.com

Mastodon® is “elephant-strong”. Made of superior blended synthetic for long-lasting endurance, the Mastodon® line was created for heavier paints and rougher surfaces. Additionally formulated to contain anti-bacterial properties, the line’s unofficial motto is “spread paint, not germs”. The Mastodon® program stands out as the giant amongst the brushes of today. With its seamless matte gold ferrules and crystal clear acrylic handles, it is built to last. Made with a strong, resilient synthetic, the Mastodon collection works wonderfully on ceramic, wood, and every other rough or textured surface. Mastodon® is tough enough to move heavy bodied acrylics yet flexible enough to work on watercolor paper. Recommended by elephants everywhere!

Watercolor Medley

Hair	See Below
MTS	See Below
Handle	See Below
Medium	Watercolors, Washes, Inks
Rating	★★★★★

Facts

- There is a Quills only display on page 75.
- The Watercolor Medley Assortment offers a variety of materials for the watercolor artist in one unique display.

Caviar® - Brushes are attached to red and black white birch handles and black ferrules. Caviar® replicates the soft black Sacomena squirrel hair with fine black synthetic to create an extremely sensitive brush.

Triplex® - Brushes are attached to yellow and black white birch handles and ferrules. Triplex® is made with a honey-brown fine synthetic which produces a controlled spring effect and a guaranteed point.

Camelot® - Brushes are attached to orange and black white birch handles and ferrules. Camelot® is a replication of silky Kazan hair in a fine brown synthetic.

Black Gold® - The Quill is attached to clear and black white birch handles, wrapped and tied in a non-metal ferrule with several layers of wiring that is then encased in a heat-shrink material to preserve the integrity and safety of the bond. This unique method of manufacturing enables the brush to hold a substantial amount of color. There is no separation between the handle and the tuft of hair.

Black Gold® - Flat Wash is made from finest Black Gold® synthetic, a seamless black ferrule, and an acrylic beveled handle. The beveled handle can be used for unique painting techniques. Its traditional design makes the perfect square for maximum control.

- Each canister is packed in a shippable corrugated box.

Mastodon® is elephant-strong. Made of superior blended synthetic for long-lasting endurance, created for heavier paints and rougher surfaces. The Mastodon® program stands out as the giant among the brushes of today. With its seamless matte gold ferrules and crystal-clear acrylic handles, it is built to last. Made with a strong, resilient synthetic, the Mastodon collection works wonderfully on ceramic, wood, and every other rough or textured surface. Mastodon® is tough enough to move heavy-bodied acrylics yet flexible enough to work on craft paper. Recommended by elephants everywhere!

Blue Ice®

Hair	Blue and White Synthetic
MTS	Strong
Handle	Matte Black Handle
Medium	Oils, Acrylics, Gouaches, & Inks
Rating	★★★★★

Blue Ice® by Dynasty is a multi-media brush, using a combination of different strengths and absorbencies in two fibres that create a brush that will hold more medium for a fluid distribution of product.

Acrylic Display - 3 Tier
7.25"L x 8.25"W x 11"H

Facts

- The distinctive personalities of this 2-tone synthetic creates a unique collection of brushes with superior strength and snap.
- The white synthetic has been brushed to create a soft flag providing easy distribution and an ultra-glossy finish.
- Blue Ice has the power to move heavy mediums, the control maintains point and chisel and the fluidity to create a glass-like finish
- Blue Ice® Canister Assortments are available on page 49. Long Handle Blue Ice® also available.

Kalel Quills

Hair	Synthetic
MTS	Strong
Handle	White Birch
Medium	Watercolor
Rating	★★★★

The Dynasty® Kalel Quill is the latest innovation from FM Brush. Kalel is the first-to-market line of synthetic artist brushes that actually absorb water. The Kalel synthetic material, exclusive to FM Brush, substantially increases the brush's reservoir. Because of its high capacity for water absorption, Kalel is an ideal choice for watercolor applications.

Stencil Pro

Hair	Synthetic
MTS	Strong
Handle	Short Wood Dowel Clear Lacquered Finish
Medium	Stencil Paint and Acrylic
Rating	★★★★★

The Stencil Pro brushes were created from a unique blend of synthetics that perfectly mimic the strength of traditional bristle with a soft flag on the working end of the brush. These brushes hold and distribute color fluidly and easily allowing for softer more subtle color transitions. Stencil Pro works effortlessly on fabric, wood, metal, paper or any surface of your choosing. Seamless brass ferrules that are double crimped to a bright red dowel handle, makes this collection look as beautiful as it performs. The brushes are available in seven sizes and all brushes are assembled in the USA.

Facts

- All the Dynasty® Stencil are made with the tip of the bristle preserved which provides a uniform, streak free stencilling experience.
- Stencil Pro is a blend of synthetic that performs like traditional bristle.

MTS	Synthetic-Medium & White Bristle-Strong
Handle	Long Artist Soft-Coated Assorted Neon Lacquered White Birch
Medium	Multi-Media
Rating	★★★★★

Facts

- Urban FX® handles have a rubberized coating for a comfortable feel and non-slip grip for painting in all conditions.
- Patented designs create special effects.
- Two types of material for use with different mediums and surfaces.

Where Art Meets the City-Scape

Synthetic Material that works best over smooth surfaces such as metal, dry wall, and tile. This superior synthetic features many of Dynasty's® patented brush designs that you will not find anywhere else. These unique designs elevate the artist into reaching new heights of creativity.

Natural Bristle which works best for painting mural, concrete, and brick. With its densely-packed ferrule, it allows for a continuous flow with a tremendous amount of paint creating a smooth flow over the rough surfaces and a good fill between the cracks because of the strength of its bristles.
