About Hangman

Incorporated in 1999, Hangman Products is a US hardware manufacturer located in Simi Valley, California. All products are packaged and shipped out of our Simi Valley factory.

Hangman specializes in innovative hanging solutions for nearly every consumer installation, as well as OEM applications. Our original, patented Hangman, two interlocking aluminum brackets with a level, was designed to hang heavy mirrors and pictures simply, safely, and level every time. That product has sold more than 15,000,000 units worldwide.

Fueled by our mission to create the simplest and safest solutions for every hanging need, our product line has grown to more than 120 unique items for hanging mirrors, pictures, keyhole décor, canvas art, ceiling décor, outdoor décor, TV mounts, speakers, and more, as well as Anti Tip safety products for furniture and TVs.

Our California factory allows us to offer advantages in quality and flexibility such as short lead times, quality control for zero defects, and quick responses to market demand.

Materials are made in the US, with some components, such as fasteners, imported from China or Taiwan.

Care is taken to ensure that our products meet California Prop 65 guidelines, as well as RoHS.

Current Distribution and Branding

Hangman products are sold in over 15,000 retail outlets in the US, Canada and Australia, and the UK. Retail programs include Hangman packaging, custom packaging, private label or co-branding.

Many major retailers specify our Anti Tip Kits for their case goods, as well as our mirror and ledge hanging products. Through our OEM program, we supply their vendors all over the world.

Award-Winning Quality and Design

Our products have earned over 5,000 5-star reviews from consumers who are verified purchasers. Reviews focus on the ease of use of our products, and the fact that they solved the customer's problems.

Awards include the CES Innovations Award and National Hardware Retailers Choice Award.

Hangman holds more than 20 US patents & 12 Trademarks.

HANGMAN®
NEW PRODUCTS

PUSH & HANG

Picture Hanging System

Step 1 : Insert magnetic nails.

Comes with standard-sized nails that are magnetized to slip inside and stay there.

Step 2: Align with the wall.

Using the built-in level and sliding ruler, place Push & Hang anywhere on a wall where you'd like your art to hang.

Step 3: Easily push in the nails.

Gently push the green handles into the wall and your nails go in perfectly every time.

HANGMAN®

PUSH & HANG

Simply push into place, no tools needed.

1

2

Once you use PUSH & HANG™ to hang your pictures, mirrors, wall decor and more....you will never reach for another hanger again! Simply push into wall with thumb and hang picture or mirror...it is absolutely the fastest and easiest to use hanger on the planet!

Holds up to 10lbs.

HANGMAN®

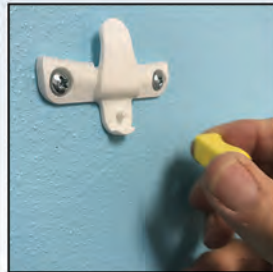

HANG STRATE

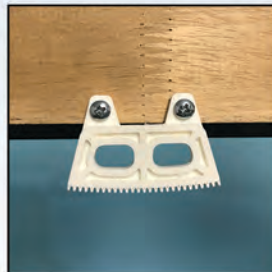

Adjustable Picture Hanger

1. Level and install wall mount.

2. Remove level from wall mount.

3. Install second mount to back of frame.

4. Using level, adjust left and right until level.

Adjustable picture hanger with built in level holder. Patented system allows for the ability to micro-adjust left or right once your picture is hanging.

Holds up to 25lbs.

HANGMAN®

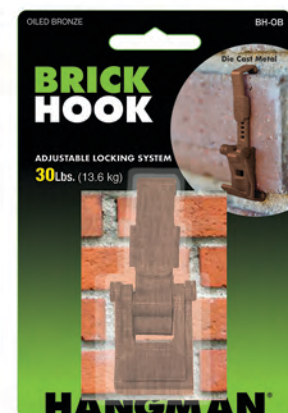

BRICK HOOK

Hangman's new Brick hanging clips are designed to easily and quickly attach to any (2 1/4" - 2 3/4") brick. The adjustable clamp locks in place to give you a solid hanging hook capable of holding up to 30lbs.

BH-OB

HANGMAN®

BUCKET DIP STICK

Volume
measuring
tool.

SLIDE
UP OR
DOWN

Adjustable measuring tool made for measuring volume
inside standard 5 gallon buckets.

No more guessing.
Fill buckets with precise accuracy.

HANGMAN®

HANGMAN[®] WALLD OG TV HANGER

FIXED MOUNT- HOLDS 100lbs

32"-80"

Works with most flat screen TVs.

How It Works

Using only Walldog anchorless screws, the Walldog TV Hanger makes hanging a TV incredibly easy. No anchors are needed for secure installation. Installs into wood and metal studs, drywall, lath and plaster, brick and concrete.

ADJUSTABLE

Adjusts 4 inches left or right after installation.
Easy access to cables after installation.

Includes Walldog Anchorless Fasteners

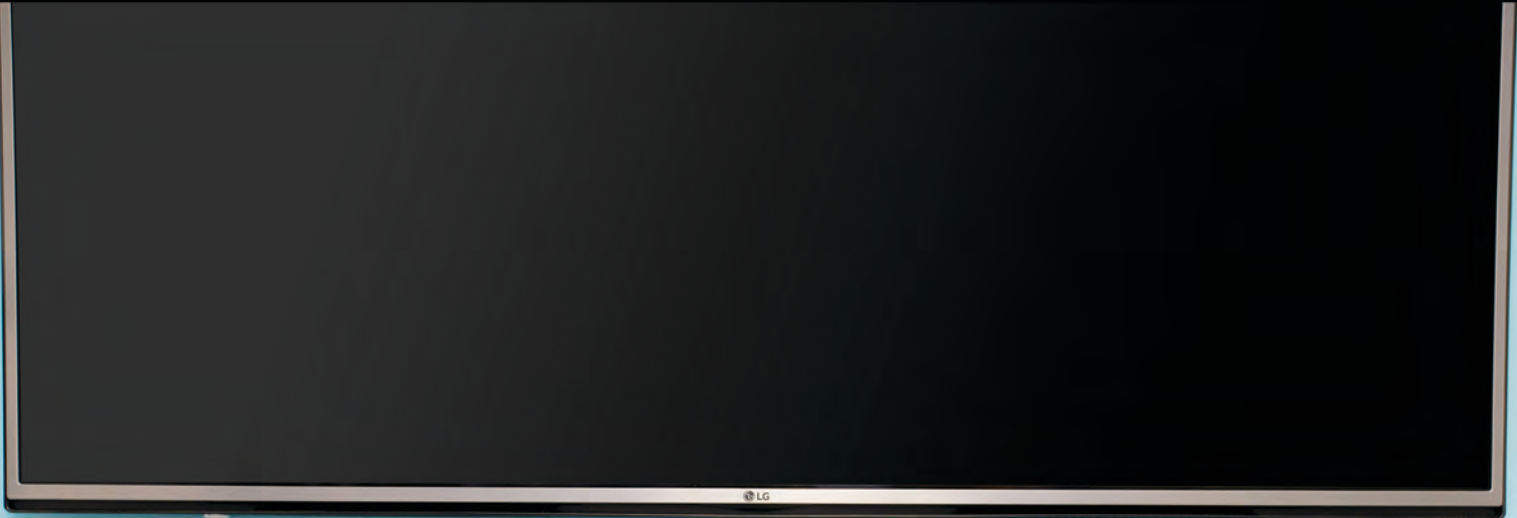

Made in USA of 85%
American components

HANGMAN[®] SOUND BAR HANGER

RATED UP TO 50lbs

Fits all sound bars

5 minute installation with only hammer.
No Studs, No Screws, No Anchors.
Hangs with tiny picture hanging nails
leaving minimal damage. Sold as a
pair. Patented.

APARTMENT HANGERS

No Wall Damage.

Consists of two aluminum interlocking brackets modeled after the French Cleat featuring a built in level which ensures an accurate installation. The aircraft grade aluminum brackets will not corrode and can be used indoors or outdoors. The system uses small nails which leave pin holes and a foam back to protect walls from scuffs and marks. Once installed it can be adjusted left or right. Nail hole punched every 1". Holds 10lbs per nail used. Patented.

60SK2L

60SK

PAPER HANGING KIT

Organize your papers posters & crafts.

The Paper Hanging Kit includes removable poster and craft hanging tape that will not damage walls. It's great for hanging posters, maps, crafts or any other light weight item with a flat back. It also includes a 6" Clip Strip which features a roller system. Insert paper and it's held in place, pull down and it releases. Attaches to refrigerators, file cabinets and tool boxes, with built-in magnets. Attaches to walls or any other flat surface with the included double-sided tape. Attaches to sheet metal with included bolts and nuts or wood with included screws. The top is perfect for holding pens and pencils.

B2SK1

PICTURE & POSTER HANGING KIT

All in one solution.

This 71 piece kit has everything needed to hang a variation of over 20 items. Includes 12 tabs of poster tape, one 5" heavy duty hangnail, eight Bear Claw hangers, four locators (for d-rings, sawtooths and keyholes), bubble level, eight sawtooth hangers, (10) 20 lb hangers and nails, 4 small d-rings with mounting screws and a 9 foot spool of wire. Patented.

PICTURE HANGING KIT

with Bear Claw Hangers™

This 45-piece kit includes familiar conventional picture hooks and wire, with a few additions. Nailless sawtooth hangers tap easily into the back of wood frames for fast installation. Double-headed Bear Claw Hangers screw by hand into drywall or wood. The Bear Claw collar accepts included sawtooths and wire.

HEAVY DUTY D-RING HANGING KIT

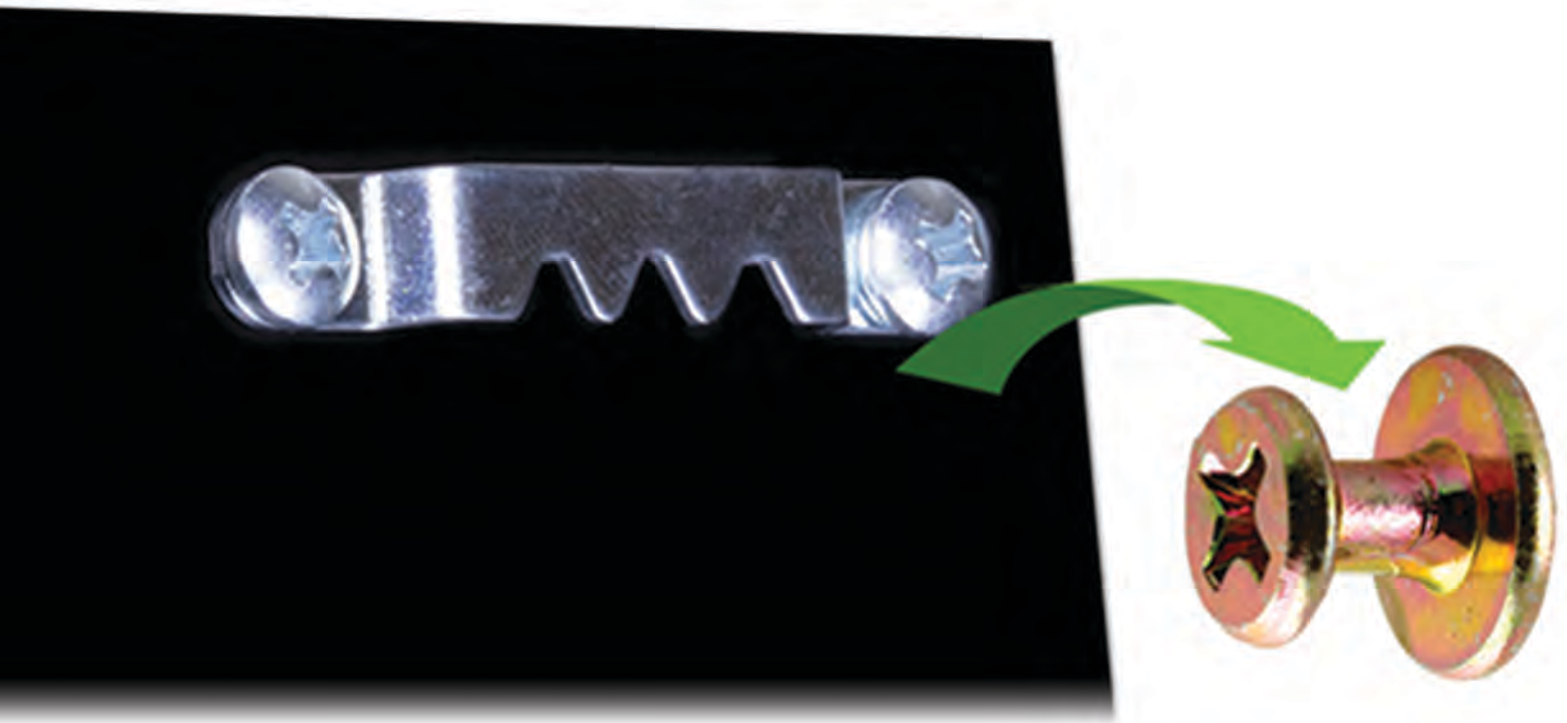

Holds up to 100lbs.

This kit includes everything needed to hang a heavy object using D-Rings. The Black Bear Claw Hangers™ will activate the anchors if needed for additional holding power. Includes a bubble level and two locators for marking the exact spot to install Bear Claws™ or anchors. No need to measure, the locators compensate for misalignment. Patented.

INVISIBLE SAWTOOTH KIT

Keeps hanger hidden.

The Invisible Sawtooth Kit hangs your frame while keeping your hanging hardware hidden. Includes sawtooth hangers and Bear Claw™ Hangers. The low profile double head keeps hidden from view no matter how small your frame is.

Holds 20lbs in drywall.

INV8 (2-pack)

KEYHOLE HANGING KIT

Marking pins make installation with more than one keyhole easy.

Take the frustration out of keyhole hanging.

The Keyhole Bear Claw Hanger™ works with most keyholes for a simple hanging solution. It installs with a hand-held Phillips screwdriver. No pilot hole is required because it has a self-drilling tip for easy installation in drywall, lath, plaster, wood studs & brick. Includes locator marking pins and level for easy installations. Patented.

Holds 30lbs in drywall, 100lbs in stud.

PROFESSIONAL HANGING KIT

Hang D-Rings & Sawtooths level.

This kit includes everything needed to hang a heavy object using D-Rings. The Black Bear Claw Hangers™ will activate the anchors if needed for additional holding power. Includes a bubble level and two locators for marking the exact spot to install Bear Claws™ or anchors. No need to measure, the locators compensate for misalignment. Patented.

WALLSAVER HANGING KIT

Minimal wall impact.

This 31 piece kit has everything needed to hang a variety of items without damaging your wall. Includes 12 tabs of Poster Hanging Tape, a 5" Apartment Hanger, 4 Stainless Steel J-hooks, Thumbsaver tool, Poster level and an Apartment Safety Hanger. Patented.

WSK

FURNITURE ANTI-TIP KIT

Holds up to 400lbs.

All steel product takes care of the ever present danger of furniture tipping over in your home. Uses aircraft grade cable to connect dressers, curio cabinet, chests and entertainment centers securely to the wall. Patented

Model: TK400L

TELEVISION ANTI-TIP KIT

All steel construction of the TV Anti-Tip Kit will last a life time and may save one. The kit consists of two 13" aircraft grade steel cables, bolts for the back of the TV and heavy-duty brackets to attach to the studs. The Bow-tie clip is child resistant and the cable can be adjusted to any length by tying loops which will not diminish cable strength. Works on all flat screen TVs.
Patented

Our Cord Management Corner now allows you to run cables in any direction, truly making this a complete and versatile system.

MINI CORD MANAGEMENT

Our Mini Cord Management is a lower profile version of our cable management system. It has a built in spring that helps it easily snap open while you run your cables through it, then simply snaps closed. Comes in clear annodize and can be painted with any ordinary house paint. It can screw directly into the wall and holds up to 1/2" diameter cables. Perfect for keeping cables organized and out of view.

MINI CORD MANAGEMENT CORNER

Our Mini Cord Management Corner allows you to run cables in any direction, truly making this a complete and versatile system.

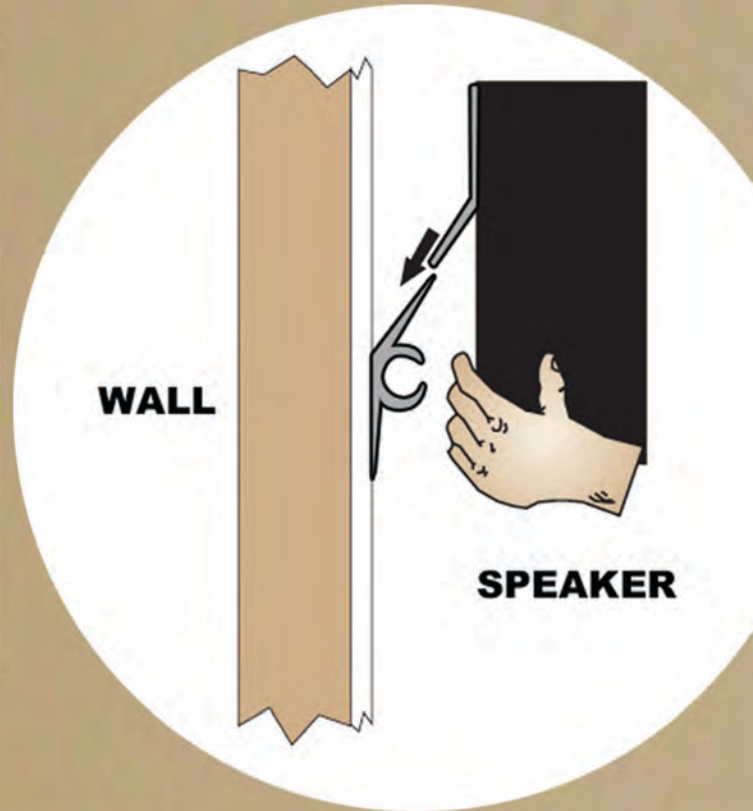

HANGMAN®

CMM-C

HEAVY DUTY SPEAKER HANGERS

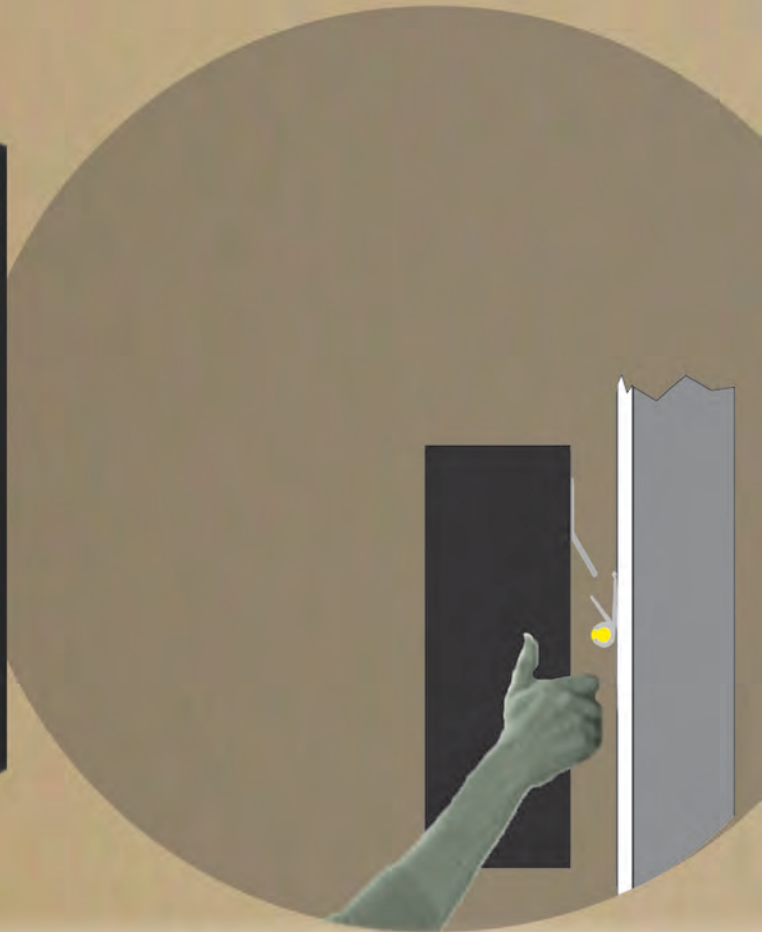

Shows off your speakers, not the hardware. The kit consists of two pairs of Hangman interlocking aircraft-grade aluminum brackets. One bracket attaches to the back of the speaker and engages the other bracket that installs on the wall. The built-in level in the wall bracket makes for perfect installation.

ASM-6-2

NO STUD SPEAKER HANGERS

This kit consists of two pairs of Hangman interlocking aircraft-grade aluminum brackets that will not damage your walls. One bracket attaches to the back of the speaker and engages the other bracket that installs on the wall with nails. The built-in level in the wall bracket makes for perfect installation. Installs directly to drywall, no stud required. Patented.

SPEAKER & BAR SPEAKER HANGERS

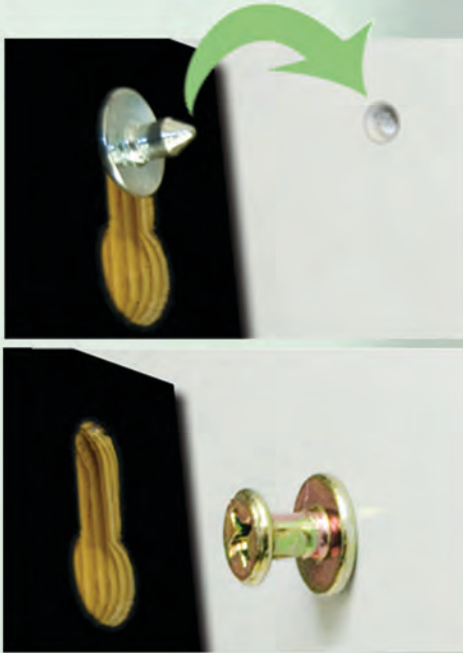

These Bear Claw Hangers are the easiest way to hang your keyhole speakers. The double-head allows you to install the Bear Claw to the wall and hang your speaker right on it!

BCK6-B (6-PACK)

SPEAKER & BAR SPEAKER HANGING KIT

- Zinc plated Self-drilling tip, no pilot hole required
- Works with keyhole speakers
- Includes keyhole locators as well as screws and anchors for smaller keyholes
- Holds 20lbs in drywall, 100lbs in anchor or stud

GARAGE TRIM

The Hangman Garage System consists of door pulls, shelf stiffeners, & safety edges. Everything is designed to fit 3/4" melamine.

Model: 7359

DOOR/DRAWER PULLS

The Door & Drawer Pulls prevent melamine warping. They attach to a 3/4" drawer.

Available Stock Sizes.

Clear Anodize 96" 7359C-96, Black Powdercoat 96" 7359B-96

Model: 6732

SHELF STIFFENERS

The Shelf Stiffener is for vertical and horizontal applications and fits 3/4" shelves.

Available Stock Sizes

Clear Anodize 96" 6732C-96, Black Powdercoat 96" 6732B-96

Model: 7219

SHELF STIFFENER w/ SAFETY EDGE

The Shelf Stiffener with Safety Edge adds rigidity, prevents warping, increases shelf capacity and creates a durable finished edge. It prevents items on shelves from rolling or sliding off.

Available Stock Sizes

Clear Anodize 96" 7219C-96, Black Powdercoat 96" 7219B-96

Model: 6989

HEAVY DUTY SHELF STIFFENERS

The Heavy Duty Shelf Stiffener works with 3/4" shelves and has the highest rated holding power of all our shelf stiffeners.

Available Stock Sizes
