FLOOR PROTECTION

Choosing the right chair mat can extend the life of your flooring and make moving around your workspace easier.

Chair mats not only protect your flooring from wear and tear caused by moving your chair around your office floor, but it can also help alleviate stress and strain on your back, legs and feet. Using a chair mat on carpeted floors allows you to move around your space more smoothly to help make you feel more comfortable and productive.

- Largest chair mat manufacturer
- Made in Central Ohio, USA
- Over 100+ product variations
- 12 point inspection
- Vinyl chair mats are part of the USDA BioPreferred® Program

- Design the shape that works best for your space
- Variety, competitive pricing and quick turn-around time make Deflecto's custom chair mats the best in the business
- Choice of studded or non-studded
- Traditional vinyl

Easy to Order:

Step 1

Draw your custom chair mat, listing dimensions on all sides (template available online)

Step 2

Choose the mat type (ExecuMat, RollaMat, SuperMat)

Step 3

Choose mat edge (Beveled or Straight Edge)

Step 4

Calculate the total square feet of the rectangle (length in inches x width in inches divided by 144) and round up to the nearest full square foot

Step 5

Give this information to your local dealer to place an order

To locate a dealer in your area, call 1.800.428.4328

NOTE: Custom mats are not available in lengths exceeding 96". Custom mats are not returnable.
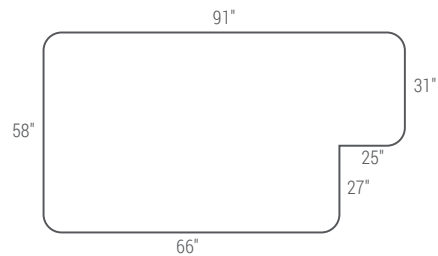

EXAMPLE

Mat shown at left = 58" W x 91" L = 58" x 91" = 5,278 sq in / 144 = 36.65 (round 36.65 to **37 sq ft**)
